Moving and Improving: Maths

This week we have been looking at how Maths is being developed across school and how the children have been applying their knowledge. It is clear that the practical maths and pictorial representations we shared with you in our maths workshops are being applied by the children and the quality, accuracy and understanding of their number work is therefore increasing on a daily basis. When you couple this with how well we did in the TT Rockstars' national competition, it is clear that the children's, staffs' and parents' hard work is really starting to pay off. Well done to everyone involved.

On a Friday morning (8:50am - 9:10am) school hold a Celebration Worship. The aim of this worship is to praise the children. All parents are invited to attend worship each Friday at 9am.

Who's Captured the Rainbow?

England Rocks!

The results are in! After a very competitive few days, and some interesting tactics being deployed by some of the teaching staff, I am pleased to say our school came 175th out of 3868 schools nationally.

Within the school the lead changed regularly with the final winners being Year 5, closely followed by Year 6, Year 4 then Year 3. Well done to everyone involved.
